## WOOD PARQUET

FLOORS  
FOR  
REAL LIFE

Timeless  
pattern looks

---

Herringbone  
& Chevron

# Patterns

– *a look that lasts*

A pattern floor brings a new dimension to the natural beauty of a wood floor. If you are looking to add a distinct elegance to your interior, the Herringbone or Chevron patterns will bring personality and style to complement any room.

# Herringbone

– *elegance never goes out of style*

The Herringbone pattern is a classic in its own right. A traditional look that fits just as well in a modern interior. Use it to create a distinguished impression on its own, or to set the stage for spectacular design. Either way, you'll get a floor that lives up to your highest expectations.

HOW TO GET  
*the look:*

**MULTIPLE SMALL PLANK**  
to create your pattern

SANDHAMN

# Chevron

– a sign of true character

The straight lines of the Chevron pattern create a stylish look that elevates a wide selection of interiors. Classic, minimalistic, yet bursting with character and personality.

HOW TO GET  
*the look:*

**ONE BIG PLANK**  
consisting of several smaller planks

# For the world **around you**

Choosing a beautiful floor is not just a matter of design and enhancing your interior. As with so many other products, it's a decision that reaches beyond the walls of your home, and that's why we would like to tell you how your new floor is produced.

At Pergo, we've taken measures to ensure minimal impact on the environment in every step of the manufacturing process – and throughout the entire life cycle of our wood floors. The core is made from spruce, pine or recycled wood. The top layer is sourced from sustainable supplies of oak and ash in Europe. Our lacquer meets strict international emission norms, so you can enjoy your wood flooring in the knowledge that it is made with respect for the environment.

As a testament to our commitment and care for the environment, Pergo was the first flooring company ever to receive the official Nordic Ecolabel, the Green Swan. And our new ecological and environmentally friendly wood floors are no exception!

\* Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faible émission) à C (forte émission).

# What makes Pergo Wood Parquet **so special?**

Get into the details here!

Pergo wood floors consist of 3 layers of wood with the grain running in different directions to reduce the natural expansion and shrinking caused by fluctuations in temperature and humidity. An advanced core of spruce or hdf absorbs stress and strain to ensure that your floor remains stable in all conditions.

## 1 Protective finish

7 layers of high quality lacquer provide maximum wear and scratch protection and ensure easy maintenance.

## 2 Face layer

A carefully selected wood layer, 2.5 or 3 mm, that can be sanded 3 times.

## 3 Advanced core

The core absorbs the stresses and strains that are put on your floor, and ensures that it remains stable in all conditions.

## 4 Balanced backing

The backing veneer is made from ecologically certified wood and helps to perfectly balance the boards.

## Lifetime guarantee

Thanks to a robust and innovative construction, every Pergo wooden floor is made to last, and that's why our products come with an extensive warranty.

» All floors have a **lifetime guarantee**.

» And a **10 year StayClean, moisture protection, guarantee**.

# Makes your new wood floor **stay young!**

All Saltholm floors now feature StayClean technology. StayClean makes the floor extra resistant to liquids and spills, and prevents dirt from getting into the joints and wood texture. Other, untreated, wood floors can be penetrated by dirt and water, causing permanent discolouration.

**WITHOUT** StayClean...

## Grading

Each tree is unique, and even different parts of the same tree produce different appearances. Knots and grain patterns help define and add character. Some of our products have more character than others, and that is why we have developed a grading system to help you find the floor with the expression you want. Please see [pergo.com](http://pergo.com) for more detailed information.

**Selected**  
Wood with small knots; natural variation in colour and structure.

**Lively**  
Wood with large knots and cracks; lively variation in colour and structure and a rather rustic appearance.

## Saltholm

580 x 145 x 14 mm | 3 mm surface | 4-way bevel

## Sandhamn

1050 x 310 x 14 mm | 3 mm surface | no bevel

**GRADINGS:** Selected, Lively

For technical reasons the colours printed here may differ from actual floor colours. We recommend visiting a dealer to view a sample prior to purchase.

# Underlay

**Silent Walk**  
PGUDLSW7

For Saltholm and Sandhamn we recommend to use our most performing underlay - Silentwalk. Silentwalk keep out the noise of footsteps in the best possible way. This underlay is also excellent in case you have floor heating. Vapour barrier included. 2 mm thickness, 7 m<sup>2</sup> / roll.

PGWINCP(-), 2150 x 17 x 54 mm

## 5 perfect finishes in 1

Pergo 5-in-1 offers different moulding solutions for different parts of your floor, all wrapped up in one handy package. The mouldings match your floor perfectly in colour, as well as in texture, and the one-piece solutions give a seamless installation result. The surface is made of wear and scratch-resistant veneer. The core consists of HDF and the bottom rail is made of plastic. With the patented Incizo® solution, you easily cut the moulding to the shape you need. Knife is included. Suitable for flooring heights between 12.5 and 14 mm.

**T-moulding**

From wood to wood.

**Carpet transition**

From wood to carpet.

**Hard surface reducer**

From wood to ceramic, vinyl or linoleum.

**End moulding**

Finishing up to threshold, sliding doors, etc.

**Stair nose moulding, flush**

For a flush finish on stair treads.

**Stair nose moulding**

For a step down from a floating floor, e.g. at the top of the stairs or a step down in a room.

**Stair nose, aluminium**

PGSTPSILVME270N, 2700 x 23 mm  
Fits flooring thickness of 7 - 16 mm.  
Surface: aluminium. Colour: silver.

The Incizo® subprofile is required for stair application and has to be ordered separately.

NEWINCPBASE3ME215, for 14 mm floors  
NEWINCPBASE2ME215, for 12.5 mm floors

**Wallbase, white and paintable**

PGWPPSKRWHITE, 2400 x 16 x 80 mm - white

PGWPPSKRPAINT, 2400 x 16 x 80 mm - paintable

Surface: foil. Core: MDF. Colour: white (NCS 0502 Y), paintable.

# Maintenance

Our high-quality, ergonomically designed original maintenance accessories make it even easier to keep your floor looking fresh for longer. To maintain the lustre of a Pergo floor, avoid using regular cleaning products such as soaps and detergents as these will form a film on the surface. Pergo's special all round cleaner removes dirt without leaving a film if used correctly.

**Cleaning kit**  
PGCLEANINGKIT

High-quality mop set with extra-long ergonomic handle and a mop-cloth holder with a practical Velcro fastener for attaching the mop cloth.

**All-round Floor Cleaner**  
PGCLEANALL1000

Specially developed for cleaning laminate wood and vinyl flooring. Ideal for removing dirt, grease spots and heel marks, as well as for daily cleaning.

**Repair wax**  
PGREPAIR

Repair the colour of damaged planks quickly and easily with wax in colours that match the Pergo wood palette. Contains 1 melting knife, 1 comb, 7 wax blocks. For more information on how to mix colours, please visit [pergo.com](http://pergo.com).
